Wealth & Income Building Exclusive Training - **December 30, 2017**

Active Trend Trading Strategy III: Wealth and Income Building—Like Turbo Charged Covered Calls without the Expense of Owning the Underlying Stock

I'll be doing a training on Strategy 3, it's one of our most consistently successful strategies for cashflow and wealth creation. Strategy 3 has frequently returned 100% or more.

If you're familiar with covered calls, it's like turbo charging covered calls because you can get all the benefits and safety of that strategy without the prohibitive cost of purchasing the underlying asset. In some ways, it's safer than a covered call because your investment is lower.

- Current premium members have already received their invitation to the event, but we're opening it up to our free newsletter subscribers next.
- You'll get: 4 hours of training on Strategy 3 (the Turbo-charged Covered Call), Covering:
 - Setting up the ideal Foundation Positions
 - Full details of how to pull in weekly cashflow with minimal investment
 - Lifetime access to the recording of the training
 - The opportunity to ask questions and email Dennis if you need further support in this strategy
- **The cost for this online training will be \$199 – Exclusive Invitation Going out tomorrow, Big Bonus for Registering Prior to Saturday when the General Public is invited to join.**
